

CITY OF SUNNYVALE PARKS DIVISION

INFORMATIONAL BULLETIN

TENNIS COURT USAGE

Occasionally, residents inquire regarding tennis instruction, tennis court availability and recreational tennis programs in Sunnyvale. Following is information for some of the most commonly asked questions regarding play at the City of Sunnyvale tennis facilities.

- The lessons and team play at Sunnyvale tennis court facilities are an extension of the Parks and Recreation Tennis Programs. While it might seem that the lessons and play benefit private companies, they actually are handled through the City's Tennis Pro Licensee on behalf of the City. The Tennis Center Licensee can be reached directly at the Las Palmas Tennis Center (408) 732-2130.
- Staff at the Tennis Center attempt to balance all of the public tennis needs for the community. Schedules are managed to provide lessons for all age groups and also the play for the dozens of tennis teams that call Sunnyvale home. The need for "open" or "unreserved" play is also important, as many tennis players would like to play at their leisure.
- Generally, the larger facilities (such as Sunnyvale Middle School, Fremont High School and the Las Palmas Tennis Center) are the best able to handle the larger activities. Many of the neighborhood parks also have sets of courts and usually half of those courts are available for open play. While this balance of play has been generally successful, there are days/evenings when all players cannot find courts at the same time that they would like to play. The Tennis Pro posts the reservations a week or so in advance so that players may check other courts at the neighborhood parks for openings.

Hopefully, the above information provides a clear picture of tennis play in Sunnyvale.
